103 SaaS apps in a growing company

29 in years 1–2 **103** in years 3–6

Source: BetterCloud, via Spendesk, 2026

TURN2Digital

Growth adds tools.
It rarely adds connections.

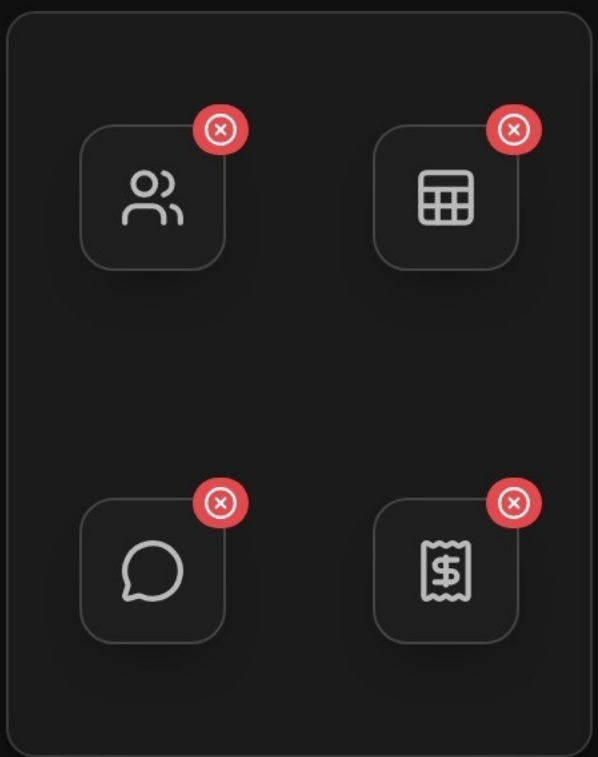

What gets bought	What nobody buys
A CRM for sales	The link between them
A board for projects	One source of truth
A chat for customers	Someone who owns it

Each new tool solves one team's problem. **The space between tools is where the hours go.**

TURN2Digital

More tools is not the problem.
Disconnected tools are.

Disconnected

Connected

TURN2Digital

Make your tools agree on reality.

Your tools, in sync

CRM	Synced
Spreadsheet	Synced
Chat	Synced
ERP	Synced
