Projects that actually finish.

Go-live

With a PMO that owns the plan, the vendors and the date.

TURN2Digital

What our PMO does

1. **Scope and governance**
   Who decides, what and when.

2. **Timeline and risks**
   Milestones everyone can see.

3. **Vendors aligned**
   Internal teams and partners in one plan.

4. **Leadership reporting**
   Progress and impact, every week.

TURN2Digital

A plan is not a result.
Go-live is.

Often run on monday.com and Cloud Workflow.
