1,560

The math of typing it again.

TURN2Digital

An illustrative week

5 people × **6 h** per week × **52** weeks =

1,560 h
a year

1,560 hours a year spent copying, not deciding.

TURN2Digital

That is almost a full-time salary spent moving data around.

Illustrative example: 5 people × 6 hours × 52 weeks.

Run the numbers on your own stack.
